### Fisheries in the Adriatic Region a Shared Ecosystem Approach

FROM SHARED RESOURCES  
TO JOINT SOLUTIONS  
COOPERATING PROCESSES  
SUSTAINABLE FISHERIES

Key objective is to implement an integrated approach integrating environmental, economic and social aspects that is essential for sustainable management. For the Adriatic Region, this approach is based on the following principles: shared resources, shared solutions, cooperating processes, sustainable fisheries.

2014-2020

- 1. Shared resources
- 2. Shared solutions
- 3. Cooperating processes
- 4. Sustainable fisheries
